Please see the following email I sent the dispatchers earlier this evening. We've received a couple more calls since then. I wanted to bring this issue to your attention and ask how you'd like us to handle calls from the public regarding the Avery case in the near future, if we should continue to receive them.

Thank You,

There is a documentary series about the Steven Avery case which is available on Netflix starting today. We've received two phone calls this evening from individuals referencing this case.

If callers request any specific individual please transfer them to their voice mail. For our newer employees, James Lenk retired quite a few years ago (we had someone ask to speak to him) If they want to speak to someone in general about anything reference the case I'd direct them to DI Schetter unless/until we're told differently.

I received the email below on December 20th, 2015. While I do not necessarily believe it to be a threat, I am forwarding it to you so it can be placed on file with the Sheriff's Department and since I live under the jurisdiction of the Manitowoc Police Department I am sending it to you as well.

I am sure that this email (and several other that I have received) are due to the Netflix "Documentary" on Steven Avery.

Subject: Please Forward Possible Threats To Sheriff's Department

Hello Supervisors,

Since the release of the new Netflix documentary (and I use the word documentary very loosely) on the cases related to Steven Avery, I have begun to receive emails from all over the country expressing opinions regarding whether Avery is guilty, innocent, framed, etc. We have heard that all before. I think you all know my feelings on this but that is not why I am emailing you now.

Some of the emails, in my opinion, have been borderline threatening. Not to myself but to members of our law enforcement community. While I certainly respect opinions that differ from mine, I will not tolerate what I perceive as potential threats to members of our community.

If you receive any emails, letters, phone calls, any social media messages, etc. that you feel are a threat to someone in the community, I strongly encourage you to forward them to the Sheriff's Department and if you live in a jurisdiction that has other forms of police protection as well, forward the items to them too.

I have never been the big paranoid person and I always like to take care of matters by myself but after one of the emails I received contained the line (and I quote) "ROT IN HELL FOR ALL ETERNITY YOU EVIL BASTARD!!!!", I felt that at the very least, the Sheriff's Department should place these on file in case something shows up later.

If only someone can help this woman learn to spell.

if you have any questions, please feel free to contact me or Sheriff Hermann.

Thanks!

Good Morning Angela and JDC supervisory staff,

Thank you for the heads up. The Sheriff and I have received several calls into voice mail this past weekend along with some e-mails.

Due to the fact the majority of the messages have threats, anger or wishes of harm to our officers and staff I request that any future callers wishing to leave a message or speak to our staff be forwarded to myself or the Sheriff's office phone number.

Thank you

Subject: Netflix story regarding Steve Avery

On December 18th, Netflix released a film regarding Steve Avery.

This film has taken the position so that viewers would have a negative view of Manitowoc Sheriff's Office and our staff. It is very unfortunate and sad that this film has twisted the truth as it relates to the Halbach murder and Steven Avery's involvement. We have received several phone calls and e-mails from people all across the United States regarding this film. I have strong concerns with some of the messages left this past weekend, as they have vulgar language, anger and wishes of hatred to our office and staff.

I ask everyone to be more diligent in their surroundings both at work and home. It is apparent that after seeing this film some individuals have come away with strong emotions and anger. You will need to keep in mind for the future, as this film will be available to view long into the future and may continue to spark these same emotions.

I ask the staff that the following precautions take place effective immediately.

- 1) Identify and confirm any persons wishing to enter buildings to have proper authority.
- 2) Take extra precautions to check building's interior and exterior areas, report and investigate any suspicious activity
- 3) Take precautions with regular mail. Examine closely and try to determine any suspicious letters or packages. If you do not trust the sender, or the item looks suspicious contact someone from Administration immediately.
- 4) If you receive phone calls from person(s) wishing to speak with someone regarding this film, refer them to Inspector Schetter or Sheriff Hermann.
- 5) If you have messages from person(s) on your voice mail, take steps to save those messages and contact D.I Ledvina. He will make arrangements to keep them on file.
- 6) If you receive written e-mails or letters, please make a copy and get those to a Deputy Inspector or myself.

Any questions or concerns please feel free to contact me or the Sheriff.

The main point is to make sure persons entering our buildings are here for legitimate reasons. Person's being finger printed are entering secured area and should not pose any problem's as long as proper protocol is being used.

Subject: Possible Planned Avery Protest 01/29/16

Everyone,

Dispatch gave me the heads up on a possible planned "peaceful protest" in regards to the Steven Avery murder series. I found a few links to it on Facebook. Right now, the protest could occur January 29th at 10:00 am at the Manitowoc Courthouse/MTSO.

Hopefully this doesn't gain any steam since the protest originator is from Kentucky, however, [REDACTED] also has taken it upon herself to circulate the protest.

Hi Greg,

One of our dispatchers found these two screen shots. We thought you may be interested.

The first screen shot is asking people to call every hour of every day. The second is announcing a peaceful protest planned for January 29th at 10am.

Let me know if you have any questions.

We had info on the protest and are working on that currently. Hopefully the phone calling post does not generate interest, and does not look like they posted a specific number at this juncture. Time will tell and keep us posted on any developments.

Subject: Jurors from Avery case

FYI

I have been contacted by Clerk of Courts and spoken directly to one juror regarding concerns with the recent publicity. This juror said that all 12 jurors made it clear that they did not wish to speak with media after the trial and this statement is still in effect today. It appears there is media outlets trying to track down past jurors and arriving at their respective houses or calling them. The juror I spoke with has safety concerns along with being disturbed when they wish to have privacy.

I informed this juror that if a person(s) contact them they can exercise their right to have them leave the property or inform them to not call back. If they feel the person(s) will not comply, wish them removed from the property, or feel the situation is not safe they should contact the respective police agency and have an officer respond to ID and assist as needed.

Please keep this in mind if JDC receives such calls for service or if you respond as an officer.

Craig B.,

The Sheriff has requested that the (2) mechanical gates be tested and ready for use (this is in response to the protests the Avery supporters are planning).

My guess is they'll need to be shoveled out first, so I cc'd Doreen to see if she can get a Trusty out to do that. (maybe tomorrow when it's supposed to be warmer).

I have no idea the last time those were operated.....you may need to contact John S-bart for some guidance if you have any questions or problems with them.

Please try to get them operating by the end of the week.

Thanks,

Gerry

Thanks for sending this. This may be a violation of federal law (Title 18 USC Section 875c). The decision to prosecute will be at the discretion of the US Attorneys Office. I plan on opening a threat case and will get a subpoena to identify the subject who sent you this email. He will be receiving a visit from the FBI for an admonishment. I believe we can make a strong case for a prosecution due to all of the publicity the Netflix video has generated. If people realize they may be charged with a federal felony, they may think twice before threatening law enforcement. I will keep you posted.
